

# Lecture 7: Stratigraphic sequences group activity

Group activity:

1. Using the legend from lab 1.3 question 3, determine the sea level history of your basin as precisely as you can. Some tips:
  - A. Identify flooding surfaces
  - B. Consider the vertical and horizontal positions of the coastline

*We acknowledge and respect the lək'wəŋən peoples on whose traditional territory the university stands and the Songhees, Esquimalt and W̱SÁNEĆ peoples whose historical relationships with the land continue to this day.*
